How to Get a Library Card:

If you're a student of Edwardsville School District #7, you automatically have a library account! Bring in your school ID!

If you rent, own property, or reside within the City limits:

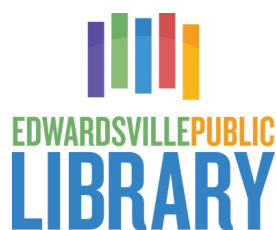

- Bring in your valid photo ID, showing your current address within the city limits.
- If your ID does not show that address, provide a current utility bill, bank statement, lease, deed, or another similar document with your name and the Edwardsville address where you live, rent, or own property.
- Your library card will be good for 3 years and can be renewed with the same (current) documents.

If you live outside of the City limits:

- If you live in Edwardsville School District, but outside the city limits (and you don't lease or own property here), you will pay a yearly fee equal to the library taxes you'd pay if you lived within the city limits.
- What you'll need to get a 1-year non-resident library card:
 - If you own your property: bring in your valid photo ID. We will look up the taxable value of your property on the Madison County Treasurer's website. Bringing a paper copy of your most recent tax bill, can expedite the process if the site is down. We use the taxable value of your property to determine your cost.
 - If you rent: Bring in your valid photo ID and a signed copy of your lease. Your annual fee will be 10% of your monthly rent (minimum annual fee \$25.00)
 - Look at "How Do I..." on our website for specific fee exemptions and required documentation for income eligible students and qualified veterans.

If you attend SIUE:

- Students who live on campus, show a photo ID. We'll verify your residency with the SIUE housing roster.
- If you live off campus see the guidelines above for those who live within and outside of the city limits.
